Objective

Passionate and driven Full Stack Developer with a commitment to continuous learning and problem-solving. Leveraging hands-on experience in front-end and back-end technologies, including HTML, CSS, JavaScript, React, and Node.js, to deliver innovative solutions. Eager to expand expertise in cloud computing platforms like AWS and Azure, while also proficient in data structures and algorithms. Seeking opportunities to contribute my skills and creativity in a dynamic team environment, while further exploring cloud computing and data structures to drive impactful solutions.

Experience

- **Open Weaver** — Aug 2023 - Sep 2023
  Full Stack Development Internship
  Developed projects and gained hands-on experience in front-end and back-end technologies. Enhanced skills in HTML, CSS, JavaScript, React, Node.js, and database integration. Learned agile development practices and collaborated effectively in a dynamic team environment.

Education

- **Meerut Institute of Engineering and Technology** — 2025
  B. Tech (Computer Science and Engineering)
  75%

- **MSS INT COLLEGE RITHANI MEERUT** — 2021
  12th
  83%

- **MSS INT COLLEGE RITHANI MEERUT** — 2019
  10th
  81.16%

Skills

- C programming language
- Python programming language
- C++ programming language
- AWS, Azure
- MERN Stack
- HTML
- CSS
- Javascript

Projects

- **Grocery Delivery Website**
  Developed a frontend of a dynamic grocery delivery website using HTML, CSS, and JavaScript. Designed and implemented a user-friendly interface for seamless navigation and optimal user experience. Utilized JavaScript to add interactive elements, such as dynamic product displays and intuitive checkout processes. Applied responsive design principles to ensure compatibility

across various devices.
